

## Christmas Show Costume Details

All dancers may choose to wear a neutral camisole leotard under their costume for ease of modest changing backstage. Some costumes require a leotard underneath as there is not an attached leotard. Costumes will be ready for dancers as they arrive for the rehearsal and performance and should be left on the hanger between rehearsal and performance so that we may take inventory. Costumes are all the property of the Mansfield Academy of Dance and should be left at the auditorium at the completion of the show on Saturday.

All dancers should have hair pulled back neatly off the face and sprayed into place. Technique class dancers and above should have hair in bun or two French braids with the ends tucked in. Some make up (lip color, cheek color and mascara) is suggested to highlight the facial features. Intensive dancers should use their regular performance hair and make up.

If a dancer doesn't have something needed for the costume, we will help! If you need to borrow or purchases something from the studio before the show, please just let us know by e-mail at [themansfielddance@gmail.com](mailto:themansfielddance@gmail.com)
